1. About NAAEI

The NAA Education Institute is the education arm of the National Apartment Association (NAA). The mission of the NAA Education Institute is to provide broad-based education, professional development experiences and training to attract and retain high-quality individuals in our profession. NAAEI's professional credentials have long been recognized as a respected mark of excellence throughout our industry. Each course has been tailored to meet the ever-changing needs of today's rental housing professionals.

NAAEI does not and shall not discriminate on the basis of race, color, religion (creed), gender identity, gender expression, age, national origin (ancestry), disability, marital status, sexual orientation, or any other characteristics protected under federal and/or relevant local laws.

This handbook provides information for Certificate for Apartment Maintenance Technicians (CAMT) program applicants only.

2. CAMT Program at a Glance

This program is recommended for maintenance technicians, porters, housekeepers and other technical service personnel who are interested in advancing their career by earning a nationally recognized certificate. NAAEI has developed the Certificate for Apartment Maintenance Technicians training curriculum and the subsequent exam to help apartment maintenance professionals obtain better knowledge of their roles and responsibilities and to prepare them to obtain the CAMT. The main purpose of CAMT is to prepare participants to effectively maintain, preserve, and enhance the physical assets of the property safely and efficiently, consistent with the objectives of property ownership and in compliance with federal, state, and local law. The CAMT curriculum is based on the Skill Standards and ultimately prepares participants for the CAMT exam as well as for fulfilling their role in the field. The Skill Standards guide the participants toward the CAMT's intended learning objectives.

3. Program Requisites

The CAMT certificate is awarded when candidates fulfill three major requirements: experience, training and passing the exam.

Requirements to obtain the CAMT certificate include:

- Twelve (12) months of relevant apartment industry experience;
- Successful completion of the CAMT Curriculum, and;
- Score above the passing point (currently 68%) on the exam.

4. Program Basics

Candidacy Period: 6 months

Exam delivery mode: Online via remote proctor

Number of Exam Items: 100 multiple choice questions

Time Allotted for Exam: 2 hours 30 minutes

Program fee: determined by course provider; usually ranges between \$800 and \$1,000

Exam Retesting Fee: \$55.00

Credential Term of Validity: Lifetime

Apartment Institute for Maintenance Excellence (AIME) Membership (optional)

Annually five hours of approved continuous education (waived for the first year) plus \$75 renewal dues

Training Course Length: An in-person training course may take anywhere between five and eight days, depending upon the instructor, the number of students, their preparedness and students' prior experiences. The blended format consists of one to four hours per module of online self-study, two to three days of virtual instructor-led training and two to three days of in-person instruction, depending upon the same circumstances.

5. Course Modules

Credential Training Course teaches the following:

- Electrical Maintenance and Repair
- Plumbing Maintenance and Repair
- Heating Maintenance and Repair
- Air Conditioning Maintenance and Repair
- Appliance Maintenance and Repair
- Interior and Exterior Maintenance and Repair
- Online CAMT Soft Skills Training: A Day in the Life of a Maintenance Technician

6. Applying with NAAEI for CAMT

All candidates wishing to earn the CAMT certificate must create an account with NAAEI to receive an NAA ID and gain access to the Platform for Apartment Credential Engagement (PACE), the credential portal. You may enroll on the NAA website [here](#). Without an NAA ID you will NOT be able to apply for the credential, check your application status or register for program examinations.

In addition to registering for the CAMT training course with your training provider, you **must** also apply for the credential on the PACE portal. You may submit your credential application before, during or after your training course.

Your unique e-mail address and your password will serve as your entryway to the PACE portal. Preserve that information for future use. PACE gives you access to such information as certificate status, necessary fees, etc.

An application tutorial is available on the NAA website [here](#).

Upon submission of credential application and payment of all necessary fees, candidates will see a receipt in their PACE account showing a balance of \$0.00. Please note: this receipt does not confirm purchase of course materials, only the certificate application.

7. Candidacy Period and Extensions

Once you have applied with NAAEI, you become a candidate in the CAMT certificate program. Each candidacy period is six months, beginning on your class start date. Within this time period all requirements of the program must be met, and the certificate must be obtained. If for any reason (failure to submit necessary documentation, failure to take or to pass the exam, failure to complete the training course, etc.), you have not obtained your certificate within the six-month candidacy period, your application will expire.

A candidate who is unable to complete the program requirements within the candidacy period of six months may extend this period by an additional six months for a fee of \$75 per expired candidacy period. An extension request may be granted within two years from the original date of candidacy expiration.

Candidates are limited to a maximum of four extensions. If the candidate is unable to complete the program after two years from the original expiration date, they must retake the entire credential program.

8. Examination Procedure

Once credential program experience and training requirements have been met, candidates may request to schedule their examination. Candidates will receive an email with login credentials for the Meazure Learning exam scheduling website. Meazure Learning is NAAEI's partner in administering and scoring examinations.

All NAAEI examinations are proctored. Candidates may take their exams either online utilizing live remote proctoring (LRP); at a Meazure Learning testing center, or onsite at their training provider.

Choosing to take an examination online via LRP gives candidates the opportunity to schedule exams at a convenient time. It also allows candidates to take their online exam from their home or any quiet and distraction-free location while Meazure Learning's online proctors monitor their behavior throughout the examination session. In addition to active monitoring by proctors, all candidates' computer systems and screens are recorded for review purposes. This monitoring also includes audio and video of the candidate, video of the computer screen and activity on the computer before and during the exam. To use LRP, candidates must have computers with webcam and audio capabilities. Visit the Meazure Learning website for more detailed information about live online proctoring.

If the exam is taken onsite at a training provider, it will still be taken online but the proctoring will be conducted by a certified proctor.

9. Requesting to Schedule Your Exam

To schedule an examination, candidates must have completed all credential application requirements, including training, experience and any relevant fees. To initiate the scheduling process, candidates will log into the PACE portal, click "Check application

status” on the relevant in-progress application, and then click “Successfully complete exam” on the Application Requirements page. A Request to Schedule Exam option will appear. Once the scheduling request is submitted, candidates will receive a Notice to Schedule email from Meazure Learning with login credentials for the scheduling site.

Whether testing at the training provider, Meazure Learning center or through LRP, exams are scheduled through Meazure Learning’s scheduling system.

For your convenience, NAAEI has prepared detailed instructions for scheduling and taking the exam. Instructions can be found [here](#).

10. Taking Your Exam

Candidates taking the exam in person at a local association or testing center should arrive at least 30 minutes before the scheduled exam time. Candidates testing via LRP should log into the exam site at least 15 minutes before the scheduled exam time. If you are late for your exam appointment, you may have to test later or reschedule.

You must bring a valid photo ID with signature. Note the following restrictions:

Acceptable

- * Valid driver’s license
- * Valid passport
- * Government-issued identification
- * School ID with a photo

Not Acceptable

- * Gym membership card
- * Warehouse membership card
- * Any identification with signature only
- * Credit card

If you are taking the exam in person, you will receive scratch paper and a pencil to use while you are taking the exam. Exam proctors will collect the scratch paper for shredding and pencil when you are finished taking the exam. No exam materials may be taken from the testing location.

Scratch paper is not permitted during live remote proctored exams. Instead, LRP candidates may bring a white board and dry erase marker to use during the exam. There is also an online notepad called Open Notes available on the exam platform for candidates’ use. An onscreen calculator is also available.

For a detailed walk-through of the entire check-in process, including videos that show what to expect, please go to the [What to Expect support page](#). Also provided is a list of [What is Allowed and What is Not Allowed](#) in an online proctored exam.

The [Test-taker Resource Center](#) details system requirements for test takers and provides a full video showing the test-taking experience, FAQs, and a link to Meazure Learning’s Help Center.

We have also provided sample versions of the [Notice to Schedule](#) and [Exam Confirmation](#) emails that LRP scheduled test-takers can expect to receive from Meazure Learning.

Candidates with questions regarding this process or online proctoring can contact Meazure Learning’s Candidate Services team by phone at 919-572-6880 or by email at candidatesupport@meazurelearning.com, available Monday-Friday 8:30am-5:30pm and Saturday 8:30am-4:00pm Eastern Time.

Do NOT bring to the exam:

- Books or reference materials
- Food and drink
- Advanced calculators (You MAY bring a basic calculator.)
- Weapons/personal defense items
- Cell phones or pagers
- Other electronic devices

11. Practice Exams

A practice CAMT test is available at [here](#). The practice test will familiarize participants with the types and format of questions that are included on the exam. Both the practice test and official exam questions are presented in both English and Spanish.

A Measure Learning Platform Demo is also available on the About the Online Exams page. The demo is not a learning tool but is presented to practice advancing through test questions, marking them for further review, returning to the marked questions and submitting the answer selections. The questions on this demo are compiled from various programs that NAAEI offers.

12. Requesting Special Accommodations

NAAEI wishes to ensure that individuals with disabilities are not deprived of the opportunity to participate in the exams solely because of a disability. NAAEI complies with the Americans with Disabilities Act of 1990 (ADA) and Title VII of the Civil Rights Act, as amended, in accommodating candidates with documented disabilities who need special arrangements to take an exam.

Reasonable accommodations depend on the nature and severity of the documented disability. A particular accommodation will not be granted if it is not deemed reasonable and other suitable techniques are available.

Exam accommodations may be requested during the exam scheduling process in the PACE portal. The request must include the specific accommodation you request as well as supporting documentation from a physician or other qualified professional reflecting a diagnosis of your disability and an explanation of the necessary accommodation(s). The supporting documentation must be on a physician or other professional's letterhead, specify the professional's credentials and be signed by the professional.

NAAEI will provide reasonable accommodations, auxiliary aids and services, except where such may fundamentally alter the exam or purpose and determination of pass/fail status. Exam accommodations typically include:

- Extended time to complete the exam (time and a half to double time);
- Permission to use the candidate's adapting equipment, such as a magnifier;
- An exam reader or a scribe; and
- Another accommodation recommended by the professional documenting the disability the NAAEI considers reasonable.

Due to the unique nature of each accommodation request, NAAEI recommends that candidates request accommodations as early as possible. The exam will be scheduled after NAAEI has received and reviewed all required information.

13. Candidate Agreement

Before you begin all NAAEI exams, you will be asked to read and indicate your acceptance of an agreement similar to the following:

I agree that NAAEI may verify to others that I have earned one of the NAAEI credentials. I authorize NAAEI to make such verification, and I release NAAEI from any liability associated with such disclosure.

This exam and the questions contained in it are the exclusive property of NAAEI and are protected by copyright law. No part of this exam may be copied or reproduced in part by any means whatsoever. I understand that I may not discuss or disclose the contents of the exam orally, in writing, or by any other means.

I understand that during this exam, I may NOT communicate with other exam participants, refer to any materials, receive any information or help from anyone other than the proctor. Such activities may cause my exam to be discontinued, invalidate my exam results, or lead to other appropriate action. In such event, I understand that the exam fee will not be refunded due to costs incurred by NAAEI.

All property rights to the NAAEI exams, including copyright, are held by the NAAEI.

By selecting “I agree” below, I acknowledge that I have read and understood this agreement. I understand that failure to comply with the requirements outlined in this agreement can cause my participation to be terminated, my exam results to be invalidated, or other appropriate action to be taken. I confirm that I have provided all accurate and up to date information.

14. Exam Results and Scoring

Upon completion of your exam, you will receive your results immediately. If you pass your exam and have completed all other credential program requirements, you will be granted a CAMT certificate. After testing, test takers will receive an email from Meazure Learning that provides information on how to login to Meazure Learning's online score reporting portal and access their score report for printing/viewing.

Within one week you will receive an e-mailed invitation from certs@naahq.org to obtain your digital badge and print out your certificate and wallet card on the BadgeCert website – NAAEI’s provider of digital badging.

If you do not pass the exam, you will receive your score report featuring a profile of your performance based on major content areas of the exam. If you would like to retake the exam, log into the PACE portal to request a retake. A new Notice to Schedule email will be sent.

Your pass/fail exam result **will be shared** with your training provider.

If you experience a technical difficulty while taking your exam and it results in a failing grade, Measure Learning may review the nature of the difficulties, and subsequently, the exam retake fee may be waived.

The passing score of the exam is set at a level that represents the minimum knowledge and skills a candidate must demonstrate to be awarded the certificate. Passing scores are set through vigorous statistical processes that involve industry experts, psychometricians, and NAAEI staff.

15. Exam Content

All examination content is created by subject matter experts (SMEs) who are highly familiar with the work of the individuals who perform apartment maintenance. These experts are a diverse group of professionals with a variety of work experiences within the apartment industry. Exam content is determined through analysis of the critical tasks performed by an apartment maintenance technician, as well as the knowledge and skills necessary for performing these tasks and demonstrating understanding of the course content.

In addition, NAAEI utilizes professional test developers and psychometricians from Measure Learning. These individuals are trained in scientific exam development procedures and work with our SMEs to ensure that the exams are professionally compiled, measure all necessary knowledge, and are statistically sound. Reviews of the examination content are completed on a regular basis to ensure that it remains accurate and current, and are done in consultation with industry experts, psychometricians and NAAEI staff.

Visit the [About the Online Exams](#) page of the NAA website for a more detailed explanation of the content of the exam.

16. Interpreting Score Reports

NAAEI programs are designed to prepare candidates for competent performance in their jobs. All training courses are based on Skill Standards which contain critical work functions, key activities and performance indicators that serve as a measure of performance on the job.

Examination content is based on the training courses and relevant Skill Standards. Examination outlines (otherwise known as exam specifications) include all the major areas of expertise determined as necessary by skill standards plus a percentage allocation of questions from every area of expertise on the exam. Examinations provide a measure of training content mastery, whereas the skill standards provide a tool for performance measurement on the job.

Score reports use examination content outlines to provide detailed feedback on examination performance. For more information on interpreting your score report and to view the examination content outlines for the credential exams, visit the [About the Online Exams](#) page of the NAA website.

17. Feedback on the Testing Experience

Following completion of the exam, candidates will be asked to provide feedback on their testing experience. In addition, candidates may also submit any comments on any exam question(s) that you think contain errors in content. NAAEI will review the challenges and you will be notified of the findings.

If you have comments or questions concerning your exam, direct your comments in writing to education@naahq.org within 30 days of your test date. NAAEI does not respond to complaints received more than 30 days following your test date. All comments must be sent to the email address listed above. In your correspondence, include your contact information, test date, as well as your specific concerns. If your concern is related to an exam question(s), NAAEI will review the question and you will be notified of the findings. You may also use a [credential feedback form](#) that can be found on the NAA website.

Due to exam security needs, NAAEI will not release the actual exam questions or answers to candidates. Please note that regardless of the nature of your concern, the exam outcome will NOT be changed.

18. Privacy Policy

Personal information for all certificate holders is kept confidential. If you need to speak with an NAAEI representative over the phone, please note that you will have to verify two pieces of information regarding your account. This information may be identified as one of the following: e-mail address, home address, work address, home phone number, or work phone number. NAAEI representatives will not issue candidates' IDs or grades to anyone who cannot verify information on their account. NAAEI will use discretion when sharing information with sponsoring organizations.

If your name or address changes, you may update your contact information by visiting our website at www.naahq.org and logging into your account.

19. Tips for Success

Please note that it is NAAEI's policy that examination questions are NOT intended to trick a candidate. Read each question carefully. Review all the possible answer choices. Determine whether the question is asking for BEST or ONLY answer. Picture what would be true or the proper thing to do *in a real-life setting*. Then make your answer choice.

- Do not try to second-guess what the question writers want by thinking, "What do they want me to do?" You will have more success if you think, "What is the best approach for this situation?"
- Pace yourself by checking the time and your progress periodically. The time allotted for the exams is meant to allow everyone ample time to finish. Be sure that you are spending a reasonable amount of time on each question to avoid wasting the time that is set aside for your exam.

20. Retaking an Exam and Relevant Exam Fees

If you do not pass the exam, you may retake it during your candidacy period, and as many times as you wish. The retake exam fee is \$55 per attempt. To schedule an exam retake, log into the PACE portal and request a retake from the Application Requirements page.

21. Certificate and Digital Badge

If you pass your exam and have completed all other credential program requirements, you will be granted a CAMT certificate. You will receive an e-mailed invitation from certs@naahq.org to obtain your digital badge and print out your certificate and wallet card on the BadgeCert website – NAAEI’s provider of digital badging.

A digital badge is a visual indicator of achievement and enables a certificate holder to share this accomplishment through social media, email, websites and digital resumes. The digital badge may be placed on a resume or in the email signature line. It features the badge’s issuing organization, the type of certificate earned, its expiration date, and the knowledge and skills it confirms.

Additionally, your name will be added to an online directory on the PACE portal. The certificate holder, and other invested parties, may access this directory to determine the validity of a certificate.

NOTE: Obtaining the CAMT certificate does NOT make the certificate holder “licensed” or “certified” for any activities. The CAMT designation means only that an individual took the CAMT training course and passed the assessment following it.

For questions or concerns regarding digital badges, contact education@naahq.org.

22. Provisional Certificates

Individuals who have not met the required experience requirement for CAMT may still apply for the CAMT certificate. If they complete the training course and pass the exam, they will obtain a provisional badge and certificate. A full certificate will be issued once the experience requirement has been met.

Provisional credential holders have two years from the credential earned date to upgrade to the full credential. Proof of sufficient employment experience must be submitted via PACE within two years or the provisional credential will expire.

23. Apartment Institute for Maintenance Excellence (AIME)

CAMT certificate holders are not required to submit a yearly renewal fee or report Continuing Education Credits (CECs). Instead, all CAMT certificate holders are granted a one-year membership in the Apartment Institute for Maintenance Excellence (AIME). As a member, you will be acknowledged as a leader in your field and can prove that you are tuned in to the most up-to-date information available.

Retaining your membership in AIME beyond the first year is both optional and simple. NAAEI annually develops topical maintenance and other training that will keep your skills up-to-date and will demonstrate to your employer or future employer your commitment to Apartment Maintenance Excellence. To be an AIME member in good standing, CAMT certificate holders must complete five hours of continuing education and pay dues each year to continue their membership.

24. Refunds

Students' direct refunds are handled by the relevant training provider and the refund policy is up to their discretion. Examination fees, renewal fees and reinstatement fees ARE NOT refundable.

No refunds will be issued to students in the National Training Program. If the student chooses to drop the class and the organization cannot replace their seat, they may receive a credit towards another National Training course, valid for one year.

25. Invalidation of a Certificate

If NAAEI receives a complaint in writing that a certificate holder did not meet the requirements of a certificate by falsifying apartment industry experience, cheating on the exam, or not completing the certificate curriculum, and the NAAEI's investigation confirms this claim, the certificate will be invalidated. This decision may be appealed by the certificate holder, leading to further review by the CAMT Advisory Group. Please contact education@naahq.org. If an appeal is delivered to the CAMT Advisory Group for their deliberation, the appellant will be notified of their decision within six weeks after the submission. The notification will be delivered by e-mail.

26. Certificate Use

Individuals who have earned an NAAEI certificate may use the appropriate title and acronym after their names. The title and certificate may not be used to imply that a company or firm has been awarded this certificate. This certificate belongs to the individual and is not transferrable. In addition, certificate holders may not use words like "certified", "accredited", or "licensed" in association with their CAMT certificate.

Certificate holders are permitted to use the CAMT acronym following their name on any document, presentation, or web site.

The words spelling out the certificate obtained (Certificate for Apartment Maintenance Technicians) may also be used to describe the credential holder's professional achievement on a resume or to provide necessary work experience to an employer. Either way, the use of the acronym is the preferred professional usage.

The program logo must appear in the lower right-hand corner for printed pages and the lower left-hand corner for business cards. The logo's color must always be used in the following formula or in black and white. No other colors or shadings are acceptable.

CMYK 50/0/100/0
RGB 141/198/63

CMYK 64/56/53/28
RGB 88/89/91

CMYK 100/55/0/1
RGB 0/107/182

Annex 1

Frequently Asked Questions

Are the questions on the exam going to be random?

Yes, all questions will be randomized.

Is there a running clock/timer on the screen?

Yes.

How many questions are on each exam and how long are they timed?

CAMT: 100 questions; timed for 2 hours and 30 minutes

Can students take the test at home?

Students may take the test anywhere with access to an Internet connection, including at home. You will have technical assistance from Measure Learning throughout the entire process.

Are the exams proctored?

Yes, all exams are proctored. Your local apartment association reserves the right to proctor in-person exams. Otherwise, students will take the exam at home on a personal computer with a live remote proctor.

What is the fee for the Candidate Handbook?

The Candidate Handbook is available on the NAA website and can be downloaded for free.

Are the sample test questions real?

Practice test questions are not the ones you will encounter on the exam, but they are similar in difficulty and length. The practice exam is available [here](#). On this page there is also a Measure Learning Platform Demo to familiarize you with the exam platform. The questions on the demo are not to be used as study material.

NAAEI also has made "Skill Checks" from the curriculum available as a study guide for students. This material is free of charge and downloadable from the [NAAEI Candidate Resources](#) page.

When will I get my results?

You will get your results immediately after taking the exam.

When will my local association be notified that I have passed an exam?

Your training provider may access your pass/fail status through the PACE portal.

How many times can I take the test?

Candidates may sit for the test as many times as they want within their candidacy period until they pass the exam.

What if I require special accommodations when taking a certificate exam?

Please submit a Request for Accommodations on the PACE portal.

Whom do I contact if I have technical questions related to the Meazure Learning testing system?

For technical problems related to the Meazure Learning testing platform, please contact Meazure Learning directly at 1-855-772-8678 during their normal business hours, 8:30 a.m. - 5:30 p.m. ET, Monday – Friday.

Whom do I contact if I have questions related to the administration of the exam?

Please contact Amy Allen at [703-797-0679](tel:703-797-0679) or aallen@naahq.org

Have more questions? Contact the NAAEI Staff toll free at 833/86-MYNAA.
