

MAINTENANCE MANIA!

2017 – 2018 Maintenance Mania Season

Notice of Part Change – Seasons® Ceiling Fan Assembly

For the 2017-2018 Maintenance Mania season, there will be a change to the Seasons® Ceiling Fan Assembly game. The process of how the fan blades attach to the ceiling fan have changed and there are no longer locking plates for Seasons® fans or the Maintenance Mania game. Quick-install fan blades will be used for the game. The fan blade will need to be attached to the fan by twisting the quick-install locking arm to secure the blade in place.

Please reference the 2017-2018 Maintenance Mania rulebook for specific rules. The Seasons® Ceiling Fan Assembly training video is also being updated to reflect this equipment change.
